

Customer Adoption & Self-Service Hub for Q2C

BY
mobolutions 

Why it matters

Customers expect real-time visibility and control. CASH shifts routine interactions to digital self-service, accelerates payments, increases trust, and reduces churn. This is how enterprises modernize the Quote-to-Cash experience.

50%

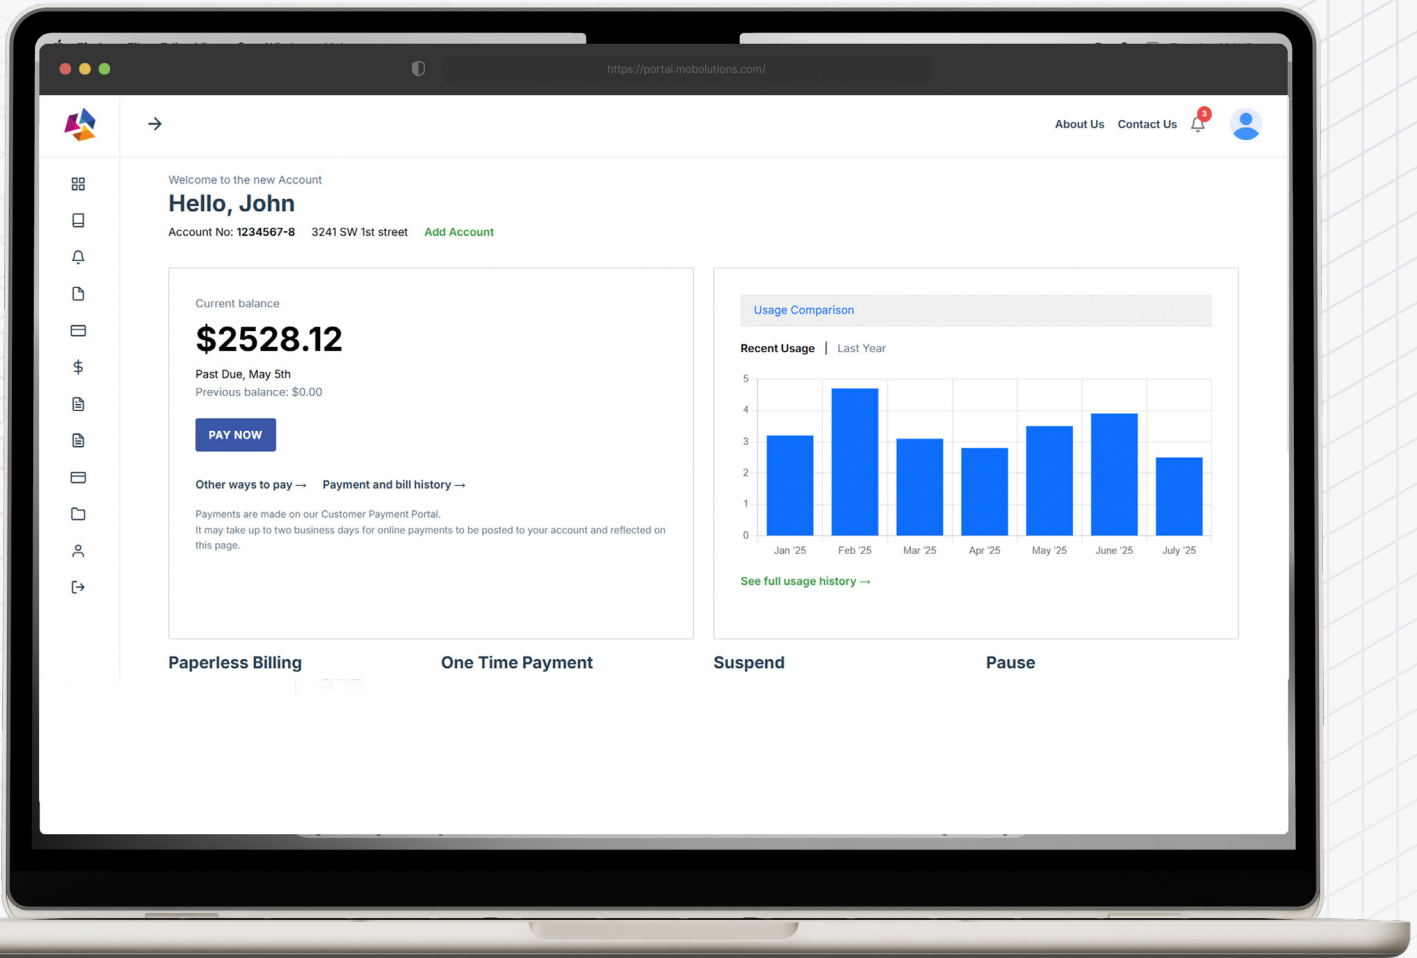

Reduction in support costs

25%

Faster collection cycles

40%

Fewer invoice disputes

Solution Features

Retention via subscription control

↑ **30%**

Manual adjustments after digital disputes

Enterprise-grade

SAP-native, scalable, secure

Platform advantages

SAP-native Quote to Cash architecture. Embedded, not bolt-on.

Works with **S/4HANA** Billing, Revenue Accounting, and related **Quote to Cash** modules.

Designed by **Quote to Cash experts** across **Telecom, Insurance, Manufacturing, Hi-Tech.**

Cross-industry ready for subscription, usage, and recurring models.

Secure, extensible, high-performance for large enterprises.

“

The value in a subscription economy

CASH integrates with SAP Quote to Cash components such as S/4HANA Billing and Revenue Innovation Management to provide real-time visibility into billed and unbilled items, balances, and entitlements—while enabling customers to order, cancel, or modify subscriptions instantly.

Current capabilities
